Re: **Contract Signature Authority**

I am pleased, Mr. Parker . . .

. . . to continue the delegation of your authority to execute certain general research contracts.

By this letter, I continue the authorization and delegation of your contract signature authority as listed in my June 30, 2000, letter to you. This authority to execute these agreements shall continue during your appointment as Director of Research Services and Sponsored Programs unless terminated earlier by me or Vice President George R. Newkome.

Should you have any questions concerning this authority or the use of model forms, I ask that you contact the Associate Vice President and Deputy General Counsel.

With every good wish,

Sincerely,

Re: Contract Signature Authority 2000-2001

I am pleased, Mr. Parker . . .

. . . to delegate authority to execute certain general research contracts. I am informed that these research agreements and model research forms are reviewed and drafted in connection with the Office of General Counsel on a frequent basis.

By this letter, I authorize and delegate authority to you to execute the following research and externally sponsored program agreements on behalf of the University:

- a) Routine agency grants and contract proposals that do not exceed guidelines and policies. For example, your authority would allow for signing cost sharing grants within amounts budgeted by departments and colleges; however, you would not commit centrally budgeted University resources without prior approval of the Senior Vice President and Provost. No commitment of University central funds should be made without first obtaining approval from the Senior Vice President and Provost.
- b) Acceptance of grants and contracts, both classic and those which have been properly approved in proposal form by you, the Senior Vice President and Provost, myself or the Board of Trustees and have been negotiated by the Office of Research Services and Sponsored Programs in consultation with legal counsel (as appropriate).
- c) Assurances of compliance with Federal regulations in such matters as radiation safety and human subjects, non-debarment assurances, conflict of interest, laboratory animal care and use guidelines, and tax exempt status, and other required institutional certifications and representations required by governmental agencies or sponsors for externally-funded programs. I expect that you will execute these assurances only after you have diligently assured that we are in compliance with the stipulated requirements.

Mr. Gerald Parker

Re: Contract Signature Authority 2000-2001

- d) Actions in support of previously approved patent prosecutions, e.g., secrecy/confidentiality agreements which allow discussions with potential licensors, assignments of power of attorney, authorizations for filings and payment of base issues, maintenance, and other fees and applications, and previously approved technology transfer agreements and/or payments.
- e) Pre- and post-award negotiations with grant and contract agencies (primarily budget modifications, terms and conditions), unless restricted by those matters necessitating waiver of patent rights to non-governmental agencies or entailing proposals and agreements of any type which require an exception to established policy.

Please forward the following matters to the Senior Vice President and Provost for necessary approval:

- a) Those matters necessitating waiver of patent rights to non-governmental agencies, which require explicit Interim Senior Vice President and Provost, President, or Board of Trustee action and approval.
- b) Agreements which require a continuing University commitment, i.e., a commitment to new personnel which persists past the lifetime of the external support, or additional space beyond that available within the University/Department, or significant changes in curriculum.
- c) Other agreements and contracts that you deem appropriate or necessary.

The authority to delegate signature authority for these contracts is set forth in the Regulations of the Board of Trustees (University of Akron Rule 3359-7-01). By delegating this authority to you, I expect you will act with due diligence in the preparation, review, and execution of these agreements by always acting in the best interest of the University. You are not authorized to execute any other agreement on behalf of the University of Akron.

Each time you sign a contract for the University, it is important that you note your responsibility for reading the contract entirely and determining that:

- The contract accurately reflects the current state of negotiations between the parties;
- The contract meets program and University mission requirements;
- The contract is in the best interest of the University;
- You can insure compliance with the obligations placed on the University;
- Risk management concerns have been reasonably addressed; and
- The contract is sufficiently clear and consistent.

Mr. Gerald Parker

This authority to execute these agreements is valid through June 30, 2001, unless sooner terminated. Should you desire renewal of this authority, you should submit a written request through the Office of General Counsel in May of 2001 seeking extension of authority for the following fiscal year. At that time, you will be expected to attach a report of the contract activity to the Office of General Counsel for inclusion to the Office of the President for review as necessary.

Should you have any questions concerning this authority or the use of the model forms, I ask that you contact the Associate Vice President and Deputy General Counsel.

With every good wish,

Sincerely,
